DOI: https://doi.org/10.1017/S0008423908081353. "Deliberative Global Politics is a major statement in the debates about democracy beyond the state. This accessible and theoretically sophisticated book offers a theory of discursive contestation in international public spheres as a means to achieve democracy in a world that can no longer be governed on a top-down basis." - -James Bohman, Saint Louis University. "In this thought-provoking little book, John Dryzek presents a new way of thinking about world affairs, one in which an 'engagement across discourses' can lead to deliberative democracy on a global scale al
